We will contact you to confirm the time and date of installation.

*We take the opportunity to congratulate you on your new 'SanRemo Coffee Machine'. The machines have all been tested; however, it is advised that the machine be installed correctly by an authorized service personal. It is recommended that the machine is fitted with a 350kpa pressure reducing valve and an in- line water filter. If you wish to have your machine booked in for installation, you can contact us on 03 9486-1572.*

As a means to assist us in keeping a complete and accurate database for warranty purposes, we ask that you complete the following information and return it to:

LYGON IMPORT- 254 Wingrove Street, Fairfield, Vic 3078 or Fax to: (03) 9489-7762.

**Warranty:**

The warranty has a validity of **12 months** from the date of purchase of the appliance and covers all the electrical and mechanical parts for manufacture faults only. It is rendered null and void whenever the appliance is used incorrectly or tampered with by unqualified personnel. The parts, which are shown to the Service Center's satisfaction to be defective, are replaced free of charge.
